Gholston League

Killed by a Former Wife at the L. & N. Station Saturday.— Held to the Floor by Her Brothers

WHILE SHE FIRED FATAL SHOT.

Gholston Teague, of Providence, was shot to death at that place Saturday in the waiting room of the L. & N. station by his former wife who was Miss Emma Crenshaw. Her two brothers held him on the floor and one of them was beating him in the face when the woman took a revolver from a paper sack and placing the muzzle close to his body fired killing him almost instantly. About two years ago Teague and his wife separated. She went to Illinois and married a man named Roach, nothing more was heard from her until last spring when she wrote to friends stating that she was extremely ill and wanted very much to see her little girls whom the law had given to her husband in the divorce proceedings.

Upon learning of her illness Mr. Teague sent one of the children to visit her. The child remained with her until she came to Providence recently to visit relatives. Mrs. Roach completed her visit Saturday and in company with her two brothers started home attempting to take with her the youngest child.

The parties were at the depot purchasing tickets when Mr. Teague learned they were trying to steal one of his children. He hastened to the depot and picked the little one up in his arms started home with it. Before he could reach the door, the two brothers rushed at him knocking him to the floor and while they were holding and beating him his former wife took a pistol from a paper sack and fired point blank into his stomach, the ball went through him and fell on the floor. Teague died in a short time before a physician could reach him. The woman and two men were arrested and placed in the Dixon jail.

At the inquest a verdict was returned that Teague came to his death by a pistol shot fired by Emma Roach while being held by the two Crenshaws. Mr. Teague had been a resident of Providence for a number of years and bore a good reputation.

TEACHERS' INSTITUTE

Will Meet in Madisonville Week of July 10th.—Prof. Roark, of Lexington, Will be Instructor.

Prof. R. N. Roark, of Lexington, has been secured as instructor of the Teachers' Institute to be held in Madisonville week of July 10th. Prof. Roark is a practical school man having been at the head of the State Normal College for a period of sixteen years. He will spend the summer conducting institutes in Kentucky and Ohio and will teach next year in Clark University at Worcester, Mass. One of the principal features of the institute will be a lecture by Prof. Roark Wednesday night on "The Man and the Woman."

Fires at Nashville.

Fire in the retail shopping district of Nashville, Tenn., Sunday destroyed the large department store and several other buildings. The aggregate loss is estimated at from \$500,000 to \$600,000.

NARROW ESCAPE.

Lighting Strikes Buggy in Which Mrs. Wendekin and Mrs. Buck Oates Were Riding.

Mrs. Bud Wendekin, of this city, and Mr. Buck Oates, of White Plains, had a narrow escape from death by lightning a few days since while returning from Nortonville to White Plains.

They had reached Drake's creek when a violent rain began to fall accompanied by considerable electrical display. They urged the horse forward as fast as possible, lightning playing all about them in blinding flashes. Just as they were crossing Drake's creek bridge a dash of lightning struck the buggy in which the two ladies were seated and for a moment they were blinded by smoke. Mr. Oates, who was riding a few paces in front, was so stunned by the shock it was several minutes before he could go to the assistance of the ladies. When he did arrive he found that the buggy had been torn into splinters and the frightened horse had broken loose and ran off.

Mrs. Oates was uninjured but Mrs. Wendekin was found to be unconscious. A hasty examination revealed the fact that she was still living and she was placed in the buggy Mr. Oates had been using and hurriedly driven to the Oates' home. She revived before reaching there, however and it was found that her arm was considerably burned and blackened. It is something wonderful that these ladies escaped as fortunately as they did as the buggy was literally torn to pieces every spoke being twisted from the fellows and the wood work and iron of the vehicle separated.

Mr. Wendekin, who is an engineer on the yard engine at this place, was notified of his wife's injury and at once went to her. She is getting along nicely and will sustain a permanent injury from the accident.

SPLENDID SUCCESS

Was Barbecue and Picnic at White Plains.—Farmers Came from All Quarters to Participate.

The heavy rain and threatening weather had no effect on the tobacco growers' meeting given at White Plains Saturday by the citizens and merchants of that place. In spite of unfavorable weather the crowd gathered early in the day and by noon there was a large number present. Mun Wilson kept the crowd quiet with his good humor foolishness until dinner was announced.

After the horny handed sons of toil and their friends had partaken of all the delightful biscuits made they adjourned to the speaker's stand where Felix Ewing, George Snowden and Ruby Lafoon addressed the people on the vital questions that are now agitating the minds of the farmers in the great dark tobacco district of Kentucky. The handled the subject with considerable skill and made plain the principles of the Dark Tobacco Growers' Association. Also the objects they hoped to accomplish if the farmers in this district would hold together and work for the good of themselves and the organization.

This meeting was one of the first of its kind to be held in Hopkins county and will be followed by others later on. Practically all the farmers present at this meeting joined the organization and the leaders are enthusiastic over the result.

EPWORTH LEAGUE

Meets in Madisonville and Has a Full Session,

OVER EIGHTY DELEGATES PRESENT.

The convention of the Epworth League of the Louisville Conference, which was held in Madisonville last week, was represented by over eighty delegates from the different Leagues in the State. The delegates appointed from the Earlinton League were Misses Lizzie Dean and Sybil Ashby, Messrs. Albert Larmouth and James Montague.

Rev. J. B. Adams delivered the welcome address and was responded to by Rev. F. E. Lewis. Thursday night, when the first meeting was held. After the services a banquet was tendered the visitors.

An address was made by Rev. J. J. Tigert, of Nashville, Tenn., on "The Devotional Study of the Bible," and F. S. Parker, of Nashville, delivered the farewell sermon.

The officers for the following year were elected: M. H. Newtop, Owensesboro, President; Clift Pritchett, Madisonville, First Vice President; Miss Lydia Helge, Louisville, Second Vice President; Miss Olivia Orr, Henderson, Third Vice President; Mrs. E. N. Shelley, Columbia, Fourth Vice President; Miss Ella Jackson, Princeton, Secretary; Dr. James W. Blackburn, Bowing Creek, Treasurer; Clift Pritchett, who was President last year, was re-elected, but declined.

MISS MINNIE BOURLAND

Returns Home After a Successful Term in the Public School at Brunswick, Ga.

Miss Minnie L. Bourland, who was for a number of years principal of the Earlinton public school, but who for the past term was head of the primary departments of the Brunswick, Ga., public schools and principal of the Purvis school, has returned home for the vacation. Miss Bourland is a successful educator and her work in the Brunswick school proved entirely satisfactory to the management, and although she has received other flattering offers she will return to Brunswick in September.

Louisville Gets the International Sunday School Convention.

The International Sunday School Convention will meet in Louisville next year. This was decided by a big vote in Toronto Tuesday, where the convention was in session. The Rev. Dr. Hemphill and Rev. Horace G. Ogden presented the claim of the city by the Ohio men to the delegates and "My Old Kentucky Home" was sung; after that it was all over and there was nothing else to it but Louisville. The greatest enthusiasm was manifested by the delegates when the selection was announced. The convention brings 2,000 delegates and at least 25,000 visitors.

Ankle Broken.

Miss Sallie R. Brown, the popular county superintendent of schools, had the misfortune to have her ankle broken Friday while enroute from Nortonville to Madisonville in a buggy. The horse she was driving became frightened and attempted to run away. In her efforts to hold it Miss Sallie was thrown from the buggy with the above result. The accident happened near Barnsley and she received temporary medical attention at that place. As soon as she was driven to Madisonville and is said to be progressing nicely.

COUNTY SUNDAY SCHOOL CONVENTION TO MEET

At Grapeline Church July 6.—Very Interesting Program Has Been Prepared.

The Hopkins County Sunday School Convention will meet at Grapeline on Thursday, July 6th, and a very interesting meeting is promised. E. A. Fox, general secretary and other prominent Sunday school workers will be present and the meeting will be a profitable as well as pleasant one and all who can should attend. The following program has been prepared:

Devotional—T. C. O'Bryan.
"You Are Welcome"—Pastor, Rev. Moore.

Reading Minutes of last Convention—Miss Ruth Plain.
Address: "The Importance of the Sunday School."—Eld. S. F. Fowler.

Conference: "How to Have a Good Sunday School."—T. C. Gebauer.

The State Worker will preside during the whole of this conference.

1—Leader's introductory remarks—T. C. Gabauer.

2—The Parents Part—T. E. Hibbs.

3—The Pastor's Part—J. T. Alexander.

4—The Superintendent's Part—G. W. Whitfield.

5—The Teacher's Part—Rev. P. D. Tucker.

6—The Pupil's Part—E. A. Fox.

7—Discussion.

Appointments of committees.

Noon intermission.

1:15 p. m.—Song, prayer and praise service—Clift Pritchett.

Address or paper—"The Child and the Book."—Mrs. Vida Boyle.

Reports of county and district officers.

Offering, preceded by a brief explanation of the state work—T. C. Gebauer.

Address: Soul Winning in the Sunday School.—B. R. Ashby.

Round Table Sunday School Management and Teachers—E. A. Fox.

SUITS AGAINST REBATEERS.

Kentucky Law Prohibiting Rebating by Insurance Agents to Be Tested.

Hopkinsville, Ky., June 24.—Seven different suits were filed by Commonwealth's Attorney D. R. Smith against the State Life Insurance Company of Indiana, for alleged violations of the law against giving rebates in premiums. The State brings the suit to recover \$500 in each case.

Sunday School Picnic.

The annual picnic of the M. E. Church, South, Sunday school was held at Lakeside Park Tuesday. A large crowd of children, teachers and parents, with several invited guests, attended. By 10 o'clock the park was alive with the merry voices of happy children, who played games and drank lemonade until the noon hour, when they were more than ready for the abundance of good things set before them, such as the Earlington ladies can so temptingly prepare. After doing justice to these, the games were played with renewed energy and in turn every child was given a boat ride on Loch Mary by Bryan Hopper, who is ever ready to make the little ones happy. Many remained to supper and came home in the gloaming after having spent a most pleasant day.

The state of education in Russia may be judged from the fact that there is only one village school for every 12,000 persons.

GEOLOGICAL WORK IN KENTUCKY 1905.

Important Work Mapped Out for This State During the Summer.

Washington, June 26.—During the summer of 1905, members of the geologic, topographic and hydrographic corps of the United States Geological Survey will be at work in 44 States and 5 Territories. In Kentucky detailed areal and economic surveys will be made in the Kenova quadrangle; the geology, underground waters and mineral resources of the Mississippi embayment will be investigated; the Louisville, Prospect, Riverview, Georgetown and Morganfield quadrangles will be mapped; hydro economic investigations will be conducted and streams will be measured. The Kentucky State Geological Department will assist the government representatives.

NEW OFFICERS FOR CO. E.

Popular Madisonville Men Receive Their Commissions.

Messrs. Ed L. Young, Gardiner Shanks and Sam Garrard received their commissions last week as Captain, First and Second Lieutenants of Co. E, of Madisonville.

Mr. Young succeeds Capt. Craig, who resigned some time ago, owing to his absence from the State. Mr. Shanks is promoted from the rank of First Sergeant to his present rank, while Mr. Garrard has filled his rank for some time past.

It is the intention of the new officers to reorganize the company and make it one of the best in the 3rd Regiment.

Wheat Crop the Largest Since 1901.

A Chicago correspondent of the New York Herald has made a careful estimate of the wheat crop of 1905, which he considers the largest since 1901.

The winter wheat crop in 14 States is estimated at 848,000,000 bushels. To Kansas is assigned 76,000,000, to Nebraska 39,000,000 and to Missouri 37,000,000, these three being the largest producers. To Kentucky are assigned 10,000,000 bushels. The total winter wheat crop in all the States is put at 411,000,000 bushels.

The spring wheat crop is involved in more uncertainty, because the harvest is further away, but on a basis of the present condition it is figured at 250,000,000 bushels. Adding the two together, we get a grand total of 670,000,000 bushels. This gives the largest since 1901, when the final figures were 748,400,218 bushels.

The Month of June.

June is the month when roses bloom and when we meet the bride and groom; the month when young corn grows and bare foot arches sing their toes; the month in which the fishes shoal and Johnnie haunts the swimming hole. He may deny and cause a doubt, but, ah, his shirt is wrong side out! The horsefly comes and stays till fall and punctures the kitchen wall; the June bug tells you he is here and tells you on the other ear; the moth nests in your winter clothes and insects gamboil up your nose. The picnic season is at hand and the Sunday school engages the band; the maid dons a thin shirt waist and shocks her thin mother with gooseberry pie that's full of juice and bacilli.

President Roosevelt's chauffeur was overhauled for speed while carrying the president, his son, Theodore and two of the latter's friends along the country road to Great Falls.

JOSEPH W. CAMPBELL,

Capitalist, Dies at Hopkinsville at an Advanced Age.

WAS INTERESTED IN MINING HERE.

Joseph W. Campbell, one of Hopkinsville's oldest citizens and a retired capitalist, died at his home in that city Friday night of flux, aged seventy-nine years.

He was a brother of former Congressman John H. Campbell. He leaves two daughters, Mrs. H. D. Wallace and Miss Betty Campbell, who will inherit his large estate. The funeral was held at 4 o'clock Saturday afternoon.

Mr. Campbell was a familiar figure to some of the Earlington people, coming as he always did to the annual stockholders' meetings of the St. Bernard Mining Co., in which he owned stock purchased in the early years of that coal company. He was here in May looking as well as usual and was so desirous of returning home promptly after he had concluded his business here that he wanted to travel back on a freight train, but was dissuaded friends.

SPIGEL BOURLAND

Given Judgment for \$500 Against Dr. W. A. Lackey.

Spigel Bourland, of Madisonville, was given a judgment for \$500 against Dr. W. A. Lackey in his suit for \$10,000 for an alleged assault upon him while Dr. Lackey was acting as superintendent of the Western Kentucky Asylum for the Insane, in which Bourland was confined as a patient. Dr. Lackey claimed that he struck Bourland in necessary self defense. The verdict was signed by only 10 of the 12 jurors, two of them refusing to sign. Motion for a new trial will be made.

An Evening Picnic.

A merry party of young people determined not to let the rain which was patterning down interfere with fun, loaded themselves and well filled baskets into a wagonette and drove to Lakeside Park Friday to spend the evening in the coolest and sweetest spot to be found. This picnic was given by the young ladies to their best gentlemen friends and was greatly enjoyed by all. After partaking of all the good things prepared by the girls the evening was spent in the pavilion playing games and having a jolly time generally.

LITTLE LENA DAVIS INJURED

While Returning From the Picnic at Lakeside Park Tuesday Afternoon.

The horse attached to the buggy containing Mrs. John X. Taylor and her niece, Frances Hodge, and Lena Davis, driven by Moscow Taylor, became frightened at a train in front of the residence of Mr. Shean on Railroad street. The animal attempted to run, but was held by Mr. Taylor. The violent plunges of the frightened horse threw the two children, Lena Davis and Frances Hodge, out of the buggy. The little Davis child lay where she fell and Mrs. Taylor, seeing blood on her dress and head, thought she had been killed. She then jumped from the buggy, gathered the child in her arms and hastened into the Shean residence with her. It was soon discovered, however, that her wounds were slight and she had only been badly frightened. The other occupants of the buggy escaped uninjured.

This Porch or Lawn Settee, in red, green or golden oak color,

PRICE \$4

Morton & Hall,
Madisonville, Ky.

It Pays to Advertise.

SHORT LOCALS

Gilbert Peyton is ill of typhoid fever.

Mr. J. R. Deau was at home sick Monday.

Joe, infant son of Mr. and Mrs. Ernest Stokes, is very ill.

Rev. W. M. Rogers, evangelist, began a meeting in the Baptist church Tuesday night at Morton's Gap.

Try Newton's expert horse shoe. He is the best.

J. H. Witzy, the sign painter, painted several new signs this week including one for F. B. Arnold, Thor Stoue and J. W. Summers.

The livery and sale stable of Thos. Stone has recently been treated to a new coat of paint by George Blackwell, which adds greatly to its appearance.

Mease J. E. Johnson and J. S. Mills will entertain at Loch Mary Monday evening in honor of Misses Dee Anderson, of Hopkinsville, and Eme Bresford, of Calf, Ill.

Wagon work done while you wait at Newton's shop, Earlinton, Ky.

The United Daughters of Confederacy will meet in Madisonville Saturday, July 1st, at 2 o'clock with Mrs. J. R. Mills. Earlinton daughters are requested to attend.

Bryan Hopper, who made a few days stay at Rumsey with the family party last week, had the misfortune to get sick soon after his arrival and did not get to fay any.

It is reliably reported that Mr. Caviness sent Ed. Wise and Elmer Orr a nice beef liver to Rumsey to bait their trot lines and meat was so scarce they ate the liver.

Kept in stock at Newton's shop all sizes steel tire for wagon and buggy.

There are new houses going up on almost every available lot in town which are rented when the foundation is laid. Yet the demand for houses cannot be filled. Just watch Earlinton growth.

Dr. Curtis Johnson, who has been ill at his father's house in Louisville for nearly two weeks, is convalescent and will likely be able to return this week.

Ed Cunningham, who for a considerable time was employed by the L. & N., has accepted a position in the grocery department of the St. Bernard store at this place.

All work positively guaranteed at Newton's shop, Earlinton, and prices right.

Horseback riding is getting to be quite popular with the young people here. Several evenings a party of girls and boys have been out enjoying this pleasant and healthful exercise.

An ice cream supper will be given at Kington's Hall, Morton's Gap, tonight for the benefit of the Sunday school at that place. An enjoyable time is promised all who attend.

Mr. John Kendall, the popular and handsome drug clerk at the St. Bernard drug store, has gone to LaFayette, Ky., on a short visit. It is whispered he will not return alone.

I have opened up a large supply of men's light weight pants of a good quality and find I am overstocked and I will give you closest prices. Yours for business. L. E. McEuen.

Mr. J. F. Lloyd, who has for a number of years been in the employ of the L. & N. railroad, has severed his connection with this company and moved his family to California, where he expects to engage in business with his brother-in-law, Mr. W. H. Vanasse.

Mr. Mothershead has moved his office from the drug store of Jno. X. Taylor to one he has recently fitted up in the old Texian building. This office has been newly painted and new furniture has been installed.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating, like to drink and have a taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a regular appetite.

This remedy is for sale by St. Bernard Drug Store, Earlinton; B. Tolbold, Morton's Gap; Jno. X. Taylor, Earlinton.

Roy Blanks while attempting to arrest a negro at St. Charles on July 1st shot him in the leg. The negro attempted to run when ordered to consider him under arrest. He was supposed to have been the same man who shot a brakeman of the I. C. a few days since, but proved to be the wrong man.

This issue of THE BEE is full of attractive display advertisements from interesting and reliable merchants both at Madisonville and in the surrounding towns.

Readers of THE BEE are requested to read these advertisements carefully and assures them they will find everything just as it is represented in the advertisement.

Good work, the best advertisement. Proof of this is Newton now has two first class smiths and himself all busy all the time. They will be pleased.

Hon. C. J. Pratt and wife left Madisonville last week for Oklahoma, where they will make their future home. Mr. Pratt is one of the best known and most influential citizens of the county and their friends and neighbors gave them up. Mr. Pratt's two sons, Walter and Lawrence Pratt, also reside in Oklahoma.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn there is at least one dreaded disease that science has been able to cure in all its stages, and that is Cancer. In Cataraqui, Canada, there is a positive cure now known to the medical fraternity. Cataraqui being a constitutional disease requires a constitutional treatment. His Cancer Cure is taken internally, acting directly upon the blood and the nervous system, and giving the patient strength by building up the constitutional and assimilating power. The words appropriate have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials.

Addressee: F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 50c.
Take Hall's Family Pills for constipation.

New barrel of country sorghum molasses opened up on Wall street. At L. E. McEuen's.

Rumors Say Railroad Men Figure on Promotions on L. & N. R. R.

Rumors are ripe all along the lines of the Louisville & Nashville Railroad ament the changes to occur or scheduled to occur at the close of the fiscal year, June 30, and in Nashville particularly railroad men are interested in the developments of the next few days.

The resignation of W. J. Dickinson, Third Vice President, in charge of the Traffic Department, on June 15, is to take effect July 1. It is said that Mr. Dickinson resigned to accept a better position. A general promotion of traffic officials will be made to fill the vacancy caused by the resignation of Mr. Dickinson, it is believed. It is believed by railroad men, especially those connected with the Louisville & Nashville, that Mr. Dickinson will be succeeded by C. B. Compton, Traffic Manager of the road, and that General Freight Agent D. M. Goodwin will succeed Mr. Compton. This will leave the position of General Freight Agent open for the promotion of C. R. Esten, First Assistant General Agent, and on down the line to the general agents of the company in that department.

Another rumor is going the rounds which is accepted as true by a number of prominent railroad officials and others in a position to be posted. It is said that President Smith is to move higher up in authority and salary, and that W. L. Mopather, First Vice President, is to succeed him. Should this change occur, as the rumor goes, promotions will be made all along the line of operating officials. The schedule, is as, rumored, is that

Geo. M. Evans, Fourth Vice President, is to succeed Mr. Mopather as First Vice President, and that B. M. Stark, recently made General Manager, is to be Fourth Vice President, in charge of the operating department. This, so the story goes, will make room for the promotion of T. E. Brooks, Superintendent of the Birmingham Division, who will be made General Manager.

The Ohio River Banking & Trust Co., of Henderson, administrator for Leslie Woods, who was killed by an L. & N. train near Howell last August, have brought suit for \$25,000 damages against the L. & N. at Henderson. It is charged that Woods was thrown from a passenger train and then killed by a freight while lying on the tracks below Howell badly injured by being thrown from the passenger.

Conductor Gephart, of the Hopewell accommodation, was in the city Saturday visiting friends and relatives.

A switch has run in near the rock quarry at Hopkinsville for the convenience of the canning factory people at that place.

The hoisting engine at the coal chute on the Henderson division is broke down and as a result all trains on this division have been instructed to take coal at the chutes on the Memphis line after 6 o'clock p.m.

An excursion train was run over this division from Clarksville, Tenn., to Evansville, Ind., and return Sunday. A large number took advantage of the cheap rates and made the trip.

Conductor Ed. Beal was on the Evansville accommodation several days last week during the absence of Conductor Lew Waltz.

Several cars were derailed at Nortonville Thursday night while the south local, in charge of Conductor Ingram, was switching at that point. The damage done was slight and delayed No. 54 only a short time.

While a section crew was at work on the Louisville division of the I. C. O. R. R., near Paducah, Ky., a car door fell from a passing freight train and killed the foreman and injured three section men.

Roy Henry, of this place, was in Hopkinsville Sunday visiting friends.

The Lake Shore Railway Company has offered a reward of \$2,000 for the arrest or information leading to the arrest of the person or persons who are responsible for the wreck of the Twentieth Century Limited at Mentor, O., last Wednesday night. The wreck was caused by an open car and resulted in the death of nineteen persons and the injuring of several others. The train was traveling at an estimated speed of 60 miles an hour when the wreck occurred.

Ed. Wilson, for years a well known conductor on the Elkhorn division of the Louisville & Nashville Railroad, died at an infirmary at Evansville, Ind., Friday. He suffered a stroke of paralysis while making his run about two years ago and never fully recovered. He was an employee of the Louisville & Nashville for more than twenty years and was held high in the esteem of the company.

A switch has run in near the rock quarry at Hopkinsville for the convenience of the canning factory people at that place.

The hoisting engine at the coal chute on the Henderson division is broke down and as a result all trains on this division have been instructed to take coal at the chutes on the Memphis line after 6 o'clock p.m.

An excursion train was run over this division from Clarksville, Tenn., to Evansville, Ind., and return Sunday. A large number took advantage of the cheap rates and made the trip.

Conductor Ed. Beal was on the Evansville accommodation several days last week during the absence of Conductor Lew Waltz.

Several cars were derailed at Nortonville Thursday night while the south local, in charge of Conductor Ingram, was switching at that point. The damage done was slight and delayed No. 54 only a short time.

MINING NOTES.

Oak Test.

An opportunity has been offered the coal producers of the country to cooperate with the United States Geological Survey in its work of testing the coals and lignites of the United States. This work was begun at the World's Fair grounds, St. Louis, during the Exposition and will be continued along the lines laid down at that time. The Survey is desirous of securing from operators and others interested in the problems of fuel consumption an expression of opinion as to whether they desire to cooperate in this work. Offers of coal for testing purposes should be addressed to the Director of the United States Geological Survey, Washington, D. C.

AFTER COAL.

Baldell Extension in Knox County Well Under Way.

Barbourville, Ky., June 23.—The Cumberland Coal Company is pressing work on its coal development in this county. The work of grading the railroad up Brush creek is well under way.

The fine will be twelve miles long and will go into the heart of the Brush creek field, which promises to be one of the richest in the State.

A crew of workmen are employed constructing houses for the miners. Within two years there will be employment for several thousand miners. On the Powers farm and adjoining tracts openings are being made to the coal and to make way for the construction of sipples and sidings.

The Cumberland Coal Company is composed mostly of Pennsylvania capitalists who have had their eyes on the Brush-creek coal lands for a long time. They own a large acre-

age in this county, all of which is in the southern part.

Pittsburg, June 23.—Over 5,000,000 bushels of coal were shipped to New Orleans and the Southwest today by river. This is one of the largest shipments ever made from this city.

Mr. Roscoe, of the Barnsley Ripple force, was in Madisonville Sunday on business.

Pikeville, Ky., June 24.—

On the extension of the Chesapeake and Ohio railroad from Pikeville to Elkhorn on the Big Sandy, is nearing completion, and it is expected that this portion of the road will be opened for traffic before the present summer is ended. A branch is also being built up the Elkhorn creek, six or seven miles, where an eleven foot vein of coal has been located. An entrance has been made of sufficient size to admit the largest sized gondola cars, to be loaded within the mine.

Mr. Robert Longstaff has been appointed foreman of the Nortonville Coal Company's mines at that place to succeed Mr. Gibson, who has resigned.

Mr. Bradley, blacksmith at Nortonville mines, was in Madisonville Sunday.

Messrs. Lee and Bud Favors, of this city, visited in Madisonville Sunday.

Springfield, Ill., June 24.—Practically every coal mine in Illinois, employing in the aggregate 30,000 men, will shut down on June 30 and remain closed until the United Mine Workers of Illinois renew their contract with the coal operators. It is believed that the shut down will last for some time.

Terre Haute, Ind., June 22.—A merger of the Freeman and Dickson interests today makes the fifth million-dollar combine in the Indiana coal field, and, if successful, will bring the Monon Railway into the railroad competition.

Henderson, Ky., June 26.—The Keystone Mining & Manufacturing Co. filed articles of incorporation in the County Clerk's office here today. The incorporators are James L. Mitchell and Murray B. Cartwright, of Philadelphia, 1,000 and 200 shares respectively, and James L. Nicholson, of this city, 500 shares. The company is capitalized at \$150,000. This company has purchased many acres of coal rights and is at present sinking a commercial shaft near this city.

CHURCH NEWS

There will be preaching at the Presbyterian church on the second Sunday. Also morning and night of the fourth Sunday in July by Rev. S. R. Crockett.

Subjects of sermons for next Sunday at the Christian church:

Morning—"Christ in the Family."

Evening—"Accept the Bible as the Word of God."

Howard J. Braselton has been invited to assist in evangelistic meetings at Belcourt, Webster county, early in August.

The National Convention of Christian Churches will be held this year at San Francisco, Calif., and it is expected that five thousand people will be in attendance. This is the third year the convention has been held on the Pacific coast.

Brooks Brothers, who recently closed a successful meeting at Madisonville, are in a great campaign at Richmond, Ky.

W. J. McGehee, evangelist for South Kentucky, has been engaged for a meeting at Grapevine church in September.

R. V. Humble, of Princeton, South, Sunday morning and Dr. J. Tiger, of Nashville, Tenn., gave a most able discourse to an appreciative audience Sunday evening.

LABOR DIVIDEND

St. Bernard Mining Company Will Distribute July 3rd.

Another labor dividend has been declared by the St. Bernard Mining Co., which will bear the date of the Fourth of July.

The distribution will be made on July 3rd so that the office force may also be free to celebrate the national holiday.

The Song of the Hair

There are four verses. Verse 1. Ayer's Hair Vigor makes the hair grow. Verse 2. Ayer's Hair Vigor stops falling hair. Verse 3. Ayer's Hair Vigor cures dandruff. Verse 4. Ayer's Hair Vigor always restores color to gray hair. The chorus is sung by millions.

* Songs with Ayer's Hair Vigor have continued to sell the Vigor until my hair greatly improved for the past year...—Mrs. M. DRUMMOND, Stevens, N.Y.

WITHOUT A TRIAL BY JURY

Illinois Courts Have Power to Punish for Contempt.

The Supreme Court of Illinois Has Dropped an Instruction and Reaching Decision.

Springfield, Ill., June 25.—In a decision which the court has concluded is open to question that a court may, without a trial by jury, inflict punishment for contempt in civil proceedings, such as the issuing of injunctions in strike cases, is fully sustained. "The importance and far-reaching consequences of these cases are fully appreciated," says Justice Wilkin in giving the decision of the court. "We have endeavored to give the material questions raised and discussed in the argument due consideration, and have come to the conclusion that the arguments of the superior courts were properly affirmed by the appellate court."

The affirmations were in six cases which had been consolidated in the appellate court and were tried at the Kellogg switchboard company case, John O'Brien, a former employee of the Kellogg's switchboard and supply company had been fined in the amount of \$100 by the county court for the issuance of an injunction which prohibited them from picketing or paroling the company's place of business or interfering with workmen going to or leaving a factory. They appealed to the appellate court, and the lower court sustained. The supreme court now sustains the appellate court and finally disposes of the case.

A POLICEMAN'S HARD LUCK

Paralyzed After Over Nineteen Years of Service, He Is Discharged From the Force.

St. Louis, June 25.—Charles Kickham, a member of the police force for nineteen years, was recently discharged from the force for disability, being a victim of paralysis. In seven months Kickham would have been eligible to either retire on half pay or receive \$1,000 from the Police Relief Fund. Kickham's friends were very indignant over the action of the board of police commissioners. Kickham was always an exemplary officer, and gave freely of his means to worthy movements. He is practically penniless and has four children to support.

RECORD TYPEWRITING FEAT

Stenographer in Patent Office Turns Out 30,000 Words in Seven and One Half Hours.

Washington, June 25.—The record for typewriting at the patent office has again been broken by Miss Laura Hopkins, who turned out 30,000 words in one day of seven and a half hours. The record previous record was 25,000 words, made week before last. Two years ago the record stood at 13,000 words, which then was considered remarkable.

More Pay for Good Shots.

Washington, June 24.—Additional pay of \$1 a month to enlisted men in the army who qualify as expert riflemen is offered in general orders issued by General Macleod, chief of staff, and is calculated to stimulate rifle practice in the army.

Hill-Morgan Control Burlington. Burlington, Ia., June 24.—At the adjourned meeting of the Chicago, Burlington & Quincy Railroad Co., held here, the Hill-Morgan interests ousted the Harlan directors, and are in complete control of the Burlington system.

Mississippi Negro Lynched. Meridian, Miss., June 26.—Pierce C. Jones, the negro who killed Edward S. Jones near this city last Saturday, has been captured near Roberts' mill, west of this place, and lynched.

How It Started.

The word "tip" originated in old coffee houses in London. At the door was a brass box with a slit in it. Engraved upon it usually were the letters "T. L. P.," an abbreviation of the words "To Insure Promptness." Customers as they departed dropped coins in the box for the waiters.—New York Tribune.

A THOUGHT FOR THE WEEK.

Newspaper advertising is to day the trade-wind of a business prosperity. It is the power behind the throne; the power which sells goods to the public and a power which no sane business man disputes. It is to business the steam or Electric Power that makes the "wheels go around." Handsome stores, fine goods and dapperly clerks go a long way toward making business prosperity but it is advertising that draws the shopper, as if by magic. It is advertising that moves goods rapidly and satisfactorily; it is advertising that men and women have learned to depend upon to guide them to the best for their money it is a "falling," but for the purpose of knowing where something they want may be obtained at the best figure.

Advertising is the fundamental principle of success. Advertising is the cheapest and most direct guide to business success. It has been demonstrated time and time again that newspaper advertising is as essential to success as the very money with which the business is founded.

In every city in America there are evidences where newspaper publicity has built up great store trades; has lifted failing business ventures to a foundation of lasting prosperity; has revolutionized existing conditions and made fortunes for those who used it as a necessity in their business.—Newspaperman, June 11.

Japan's Probable Terms.

The demands which Japan probably will lay down as the price of peace:

Payment of war indemnity, some figure between \$500,000,000 and \$1,000,000,000.

The evacuation of all Manchuria by the Russians.

cession to Japan of the railroad from Port Arthur to Harbin.

Cession to Japan of all Russian interests on the Liao-Tung Peninsula and of Port Arthur.

Cession to Japan of the island of Saghalin.

Dismantlement of the fortification of Vladivostok.

Acknowledgment of Japanese protectorate over Korea.

FEMALE WEAKNESS

By L. C. CORCORAN, M.D.

PORTLAND, MAINE, Oct. 17, 1902.

I consider Wine of Cardui superior to any other wine of Cardui I ever took and I know whereof I speak. I suffered from a severe attack of rheumatism which completely prostrated me and brought me to the point where my back and sides and I would have fallen down dead. My limbs would not stand up. I naturally felt compelled to seek medical aid and with the help of physicians, but Wine of Cardui relieved me. I took a bottle and felt a change for the better within a few days. After ten days treatment I menstruated without pain. The aches I usually had and soon became accustomed to were gone. The Wine of Cardui is simply wonderful and I wish every woman knew of its good qualities.

Wilhelmina Brown
Treasurer, Portland Economic League.

Periodical headaches tell of female weakness. Wine of Cardui cures it immediately. It is made out of every twenty cases of irregular menes, bearing down, pains or any female weakness. If you are suffering from any of these diseases, do not despair. If you have failed, that is the best reason in the world you should try Wine of Cardui. It is now known. Remember that headache mean female weakness. Secure a \$1.00 bottle of Wine of Cardui today.

Great Dollar Stretching Sale!

The Like of Which was Never Seen Before.

Will Begin
Thursday,

JUNE 29th And End
Saturday

JULY 8th.

A NY store's achievements are no greater than it's possibilities. THE BIG STORE'S great achievement in purchase of these varied lots of seasonable merchandise at such Dollar Stretching prices was made possible by the concerted action of five of the largest retail stores in Western Kentucky and Tennessee buying as one store. We spent three weeks with the manufacturers' and mill agents in and around New York at the time of year when they are closing out their summer stocks before putting up to date merchandise at the most persuasive prices, the cleanest sweeping prices, the queerest prices, and the quickest moving prices you ever saw in all your life. Come and see them.

9 to 12 a.m. 1 to 4 p.m.

HAPPENINGS IN KENTUCKY.

Arthur Myers, a young white man, and Will Barker, colored, had a duel on Main street Sunday afternoon at Hopkinsville. They quarreled last night and Myers claimed that he had been following him around town today. Seeing Barker lurking behind a telephone pole, Myers warned him away, and the negro pulled a pistol. Myers shot first, the ball going wild. Barker shot and missed the white man, who fired again, shooting Barker in the leg. Both were arrested. There were many people on the street, and the duel caused much excitement.

Foreman Waller, an undertaker at Morganfield, is seriously ill of blood poisoning, contracted several days ago while preparing a corpse for burial.

Louisville is at a dead standstill. There were seventy-three births against seventy-three deaths there last week.—Sanford Interior Journal.

Louisville was too busy to attend to anything but the old Confeds last week, so that doesn't count.—Courier-Journal.

Uncle Bud Hill, of Morton's Gap, came down and attended the Mason picnic Saturday.

Several of our people attended the picnic Saturday. They reported a good time and plenty to eat.

Rev. J. L. Price attended a regular appointment at the Central Presbyterian church last Sunday. He entertained his congregation with a description of his trip to Fresno, Cal., and of the General Assembly.

Nebo has long wanted a mill. Something ago a gentleman came to Nebo and said he owned a mill with a capacity of forty barrels and if the people would help him, he would bring the mill here. After some effort \$2,000 was taken in stock which was the amount required. A committee was appointed to go and inspect the mill which did so and reported not as expected. As a consequence we will have to eat corn cake a while longer.

People have fallen in this vicinity and drops are looking well.

Mr. and Mrs. M. T. Hamby and Miss Annie Campbell visited the family of Mr. Joe Campbell Sunday night.

Little Mlase Hoskins spent last week with the family of Mr. B. D. Williams.

Mrs. Annie Campbell, of Nebo, is here visiting her sister, Mrs. Hamby, this week.

Mr. and Mrs. M. T. Hamby and Miss Annie Campbell visited the family of Mr. Joe Campbell Sunday night.

Mr. Teakley, of Empire, visited Mr. Woodson's Sunday.

Mr. Clarence Price attended a meeting at Old Burg Sunday.

The protracted meeting will commence at Old Burg the second Monday night in July. It will be conducted by Rev. Story, of Madisonville.

Mrs. Irmie Murphy, of Nurviada, Ill., is visiting her father's family this week.

B. J. Cranor was at Dulyn Crabtree's Monday on business.

Rev. G. H. Teague and family attended preaching at Old Burg Sunday.

Mr. Bradley Croft of Empire, was in Crofton Sunday.

NEBO NOTES.

If being sick is sufficient excuse for not furnishing news then we are surely excusable and had decided not to write this week when some of our friends suggested that if we failed to write THE BEE might fail to be published and if THE BEE was not published their thousands of subscribers would be disappointed and we would be blamed.

A distressing accident occurred in our usual quiet little town Saturday, June 28, when a colored boy aged about 12 years and son of Slaughter Morton had been hauling a load of coal. After unloading he got into the road and while driving his team which consisted of a horse and mule. He got on the horse and started out of the lot leading the mule. The mule became frightened and pulled him off the horse. His foot hung in the harness and the horse began running and in passing through the gate struck the boy's head against the gate post and broke his skull. The horse was finally caught and the boy was released by a physician called Saturday evening. He died only a few minutes. His mother is a woman much respected colored man in town and has the sympathy of all our people both white and colored.

Uncle Bud Hill, of Morton's Gap, came down and attended the Mason picnic Saturday.

Several of our people attended the picnic Saturday. They reported a good time and plenty to eat.

Rev. J. L. Price attended a regular appointment at the Central Presbyterian church last Sunday. He entertained his congregation with a description of his trip to Fresno, Cal., and of the General Assembly.

DAVIS WELL ITEMS.

The condition of Gordie Stewart, who has been suffering with lung trouble for quite a while, is unimproved. His many friends think his death is liable to occur at any time. He has been for the past two months staying with his uncle, Mr. Miles Russell, near Grapeline.

W. P. Pritchett and family, of near Liberty, will in a few days move to their new residence recently built in East Madisonville.

Misses Clara Parker and Nina Stitou and Parker, Clark Parker and George Keylinger, of near Browders Chapel attended services at Grapeline Sunday.

Misses Clara Parker and Nina Stitou and Parker, Clark Parker and George Keylinger, of near Browders Chapel attended services at Grapeline Sunday.

The Children's Day exercises at Elm Grove church Sunday night were very entertaining. Quite a crowd assembled there to witness them.

Let every body remember the Sunday school convention to be held at Grapeline on Saturday and come along with their families and enjoy the day and be benefited.

Like a Comet

In the sky comes the star of health to the weak and weary, dispelling darkness, curing all sorts of ills, removing digestive disorders.

Kodol

supplies the natural juices of digestion and does the work of the stomach, removing nervous tension, while the inflamed muscles and membranes of the system are able to rest and heal. It cures indigestion, flatulencies, palpitation of the heart, nervous dyspepsia, and all stomach troubles by cleansing, purifying and stimulating the mucous membranes of the stomach and digestive organs.

Kodol Dipsesia Cure

Take Daily Can Supply You.

Bottles only, \$1.00 Size holding 24 fl. ozs. the trial size, which sells for 50c.

Presented by E. G. BEVINS & CO., CHICAGO.

Sold by St. Bernard Drug Store, Earlington; B. T. Robinson, Morton's Gap; Jno. X. Taylor, Earlington.

Mrs. Strother Hancock, of this city, who went to Henderson last week to undergo an operation at the city sanitarium, is getting along nicely and will be able to return home in a few days.

INTERESTING FACTS ABOUT INDIANS IN THE TERRITORY

Condensed Statement of Matter Contained
in Recent Government Report.
PUBLIC SCHOOL PUPILS
SHOULD READ THIS BULLETIN.

With the exception of the small reservations in the northeast corner, the entire area of the Indian Territory has been surveyed and mapped on the scale of 1:125,000 by the United States Geological Survey. The atlas sheets made from these surveys have served as a guide in the preparation of the Survey, which is entitled "A Gazetteer of Indian Territory." In it is given the location of every station, village, town, creek, river, hill, railroad and reservation in the Territory, with the name of the atlas sheet on which it may be found. Mr. Henry Gauntlett, the author of the bulletin, has also written an introductory chapter to the gazetteer portion in which he relates many interesting facts concerning the Territory.

The great body of the Territory is divided into two parts. The Cherokee Indians, whose reservation is in the north east part of the Territory; the Creek, in the central part; the Seminole, just west of them; the Choctaw, in the southeast, and the Chickasaw, in the southwest. Besides those there are a number of small tribes that have reservations grouped in the northeast corner of the Territory. On these reservations the people have developed a considerable degree of civilization and have been long known as the Five Civilized Tribes. Each tribe has its own system of government, which is patterned in many ways after our State governments, with a governor, a legislature and a judiciary of its own. Until recently, the lands were held in common, and occupation gave all the title that was needed. There was an abundance of good land for all and no occasion for the clashing of interests. Their culpability having been aroused by this condition of things, many white men settled in the Territory, married Indian wives and thereby acquired tribal rights. Many squaw men thus obtained valuable cattle, lands, timber, lands and farm lands. Others followed in their wake, and settled without permission, until the whites in Indian

Territory in 1900, as shown by the census returns, outnumbered the Indians many times. This situation is a perilous one for the Indians, as it is not creditable that white men should be occupying numerous lands which they remain subject to Indian laws and without title to the lands which they were occupying. The lands have therefore been subdivided into townships and sections preparatory to allotting them to the Indians in severalty and breaking up their tribal governments. The allotment has been completed and it is probable that a territorial form of government will be substituted in the near future for the Indian governments.

The total population of the Territory in 1900 was 582,000, of which not less than 302,000 were white, 52,500 were Indians, and 361,800 were negroes, either former slaves of the Indians or their descendants.

The chief industries of the Indian Territory are farming and cattle raising. The rainfall is ample and the soil rich, and nearly every crop produced within the limits of the United States can be raised in the Territory. The pastures of the Cherokee Nation have been in large part leased to cattlemen and enormous herds range over the state.

In 1900 the number of farms in the Territory was 45,505, and 16.4 per cent of the Territory was under cultivation. The average size of farms was 100 acres, considerably larger than the average in the United States.

This bulletin, which is scheduled as No. 238 on the Survey's list of publications, is published for free distribution, and may be obtained on application to the Director of the United States Geological Survey, Washington, D. C.

That Tired Feeling.

If you feel fatigued and incapable for work, it indicates that your liver is out of order. Herbin will assist nature to throw off head-aches, rheumatism, and all ailments due to debility, restoring the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, March 22, 1905: "I am unable to thank you enough for your wonderful medicine. It is the best medicine ever made for chills and fever." 50c a bottle. Sold by St. Bernard Drug Store.

Six million pounds of adulterated and harmful foods were destroyed by the health department of New York in the last 12 years.

HOT WEATHER BARGAINS

We find an accumulation of odds and ends giving us an abundance of

Remnants and Small Lots OF:

Merchandise

that we must close, as we will not carry these goods over to next season, so come at once, as the early purchaser will benefit by the first selection.

Close prices will prevail all over the house, including the best lines of

Lawns, Dress Goods, Ready to Wear Skirts, Summer Suits, Low Cuts

and all broken lots of goods, that will offer

AT AND BELOW COST.

The Grand Leader

Madisonville, - Kentucky

What for 1905.
(Globe-Democrat.)

The present outlook, according to the report of the department of agriculture, is that the wheat crop of 1905 will be much beyond the average. Translated into common terms, the government statistician's figures of acreage and condition would mean a yield of 439,000,000 bushels of winter wheat and 297,000,000 of spring wheat, or an aggregate of 736,000,000 bushels of both varieties taken together. This calculation, of course, is subject to the exigencies of the weather between now and the har-

vest. From the present outlook the wheat crop of 1905 will be much the largest ever gathered except in 1901. The yield was 552,000,000 bushels in 1904, 497,000,000 in 1903, 470,000,000 in 1902 and 748,000,000 in 1901. The 1901 crop was 19,000,000 bushels larger than that of 1905 crop will be if the present indications are sustained by the weather conditions from this time to the end of the season. There have been instances where the producer early in the season has been more than satisfied through favorable weather later on. It is possible that this year's crop may actually equal or exceed the record-breaking yield of four years ago, but it will be decidedly unsafe to assume this as a probability.

But even if the 736,000,000 bushel estimate should be cut down a few millions by unfavorable conditions between now and the gathering of the crop, the yield can still be heavy. This is a factor of great importance for the railways. It ought to strengthen the stock market. Likewise it should insure food and reasonable prices for the consumer while giving good revenue to the producer. Wheat is a very important crop for the farmer and the country. The yield of 1905, as estimated by the department of agriculture on December 1 last, was 451,000,000, as compared with 414,000,000 for corn, our imperial crop. Owing to the high prices, the wheat crop of 1905 brought to the farmer more money than any previous yield of that cereal, and \$43,000,000 more than did the record-breaking harvest of 1901. There is a strong probability that the crop of 1905 will contribute more to the farmer's wealth than did that of any previous year.

Foley's Honey and Tar
for children safe, sure. No opiates.

Great Slaughter Sale of Pianos and Musical Instruments.

For Two Weeks, Beginning Monday June 19, 1905.

We have purchased the entire stock of Pianos and Musical Instruments, consisting of
Pianos, Piano Players, Square Pianos, Organs, Regina Music Boxes, Talking Machines

PURCHASED FROM
SMITH & NIXON CO., 210 MAIN STREET

Commencing Monday, June 19, 1905, we will offer at sacrifice prices the entire stock, also a large number of our regular line of Pianos, which have been used and rented, in all nearly 100 Pianos will go in this sale. No such opportunity has been offered in Evansville to buy PIANOS and other Musical Instruments at such prices. Space will only permit us to mention a few of the many great offerings.
